

Pole Tent Setup Instructions

Step #1

- a) Open tent up on grass.
- b) Pull out all ropes
- c) Lay out side poles

Step #2

- a) Place wooden pole at corner and sides.
- b) Place a stake at every rope, 8-12 feet away. Never cut the ropes if they are too long! tie them up shorter.

Step #3

You're ready for the center pole

Step #4

Insert center pole in center grommet

Step #5 (last step)

Pull slack. Tighten up tent.
